

# Connecting a TV, Game Console or devices other than cellphone or computer to the Wifi Network

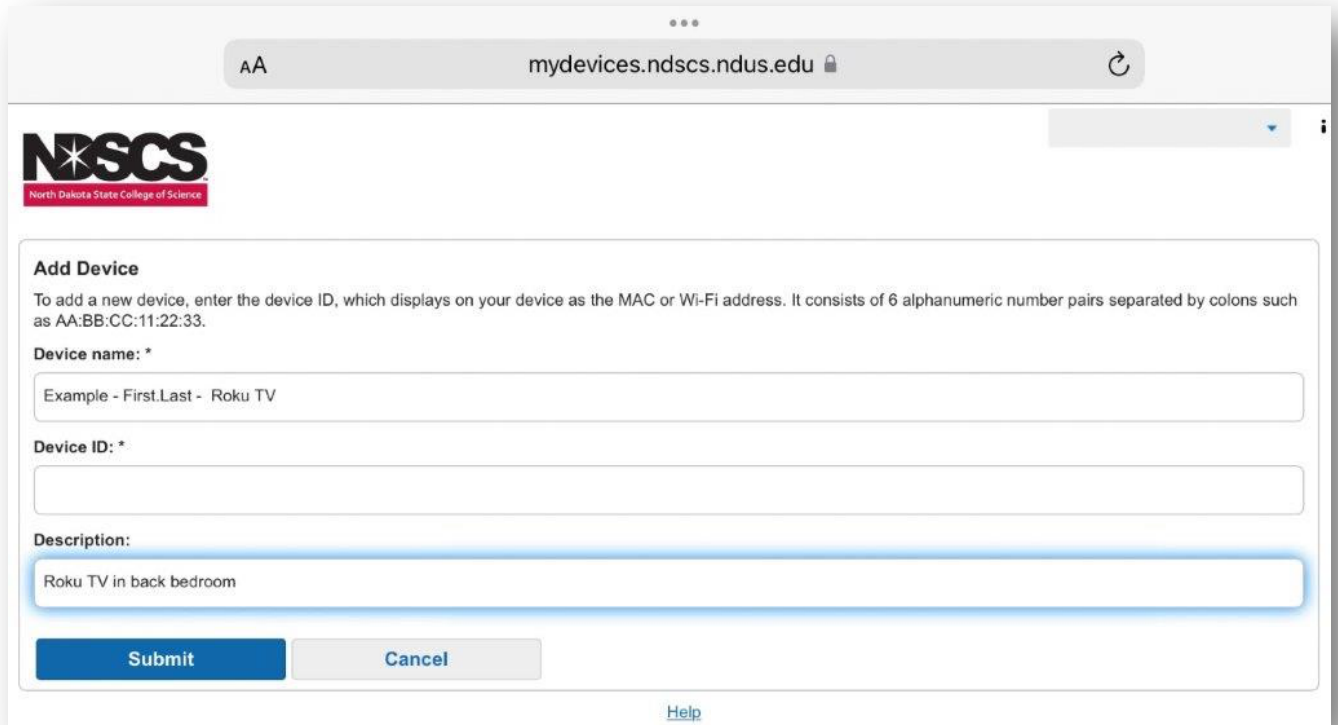

1. From a computer, go to the NDSCS My Devices Portal website:  
<https://mydevices.ndscs.ndus.edu>
2. On that screen, enter in your NDUS/Campus Connection username and password.

The screenshot shows a web browser window with the address bar displaying "mydevices.ndscs.ndus.edu". The page features the NDSCS logo at the top left. Below the logo is a "Sign On" section with the text: "Welcome to the My Devices Portal. To manage your personal devices, sign on using your username and password." There are two input fields labeled "Username:" and "Password:". Below these fields is a blue "Sign On" button. At the bottom of the sign-on section is a "Help" link.

3. Once logged in, you will see the *Manage Devices* screen. This page will allow you to add or delete devices.

The screenshot shows the "Manage Devices" page in the NDSCS My Devices Portal. The page has a header with the NDSCS logo. Below the logo is a section titled "Manage Devices" with the text: "Need to add a device? Select **Add**. Was your device lost or stolen? Select your device from the list to manage it." Below this text is a "Number of registered devices: 1/5" label. There are two buttons: "Add" (blue) and "Refresh" (grey). Below these buttons is a search bar labeled "MAC Address...". Below the search bar is a row of buttons: "Lost", "Stolen", "Edit", "PIN Lock", "Full Wipe", "Unenroll", "Reinstate", and "Delete". At the bottom of the page is a table with the following columns: "MAC Address", "Device Name", "Description", and "Status". The table has a checkbox in the "MAC Address" column.

4. To add your device, find the wireless MAC address in this format: **a1:b2:c3:d4:e5:f6**  
The MAC address is typically found in the network settings of the device.  
You may need to Google how to find this for your device.
5. Click **Add** on the *Manage Devices* page and enter the following information:
  - **Device Name:** create a name that includes your name and the type of device.
  - **Device ID:** enter the wireless MAC address of your device from Step 4.
  - **Description:** use a description to help you identify the device later.

The screenshot shows a web browser window with the address bar displaying "mydevices.ndscs.ndus.edu". The page features the NDSCS logo (North Dakota State College of Science) and a form titled "Add Device". The form includes instructions: "To add a new device, enter the device ID, which displays on your device as the MAC or Wi-Fi address. It consists of 6 alphanumeric number pairs separated by colons such as AA:BB:CC:11:22:33." The form fields are: "Device name: \*" with a text input containing "Example - First.Last - Roku TV"; "Device ID: \*" with an empty text input; and "Description:" with a text input containing "Roku TV in back bedroom". At the bottom of the form are "Submit" and "Cancel" buttons. A "Help" link is located below the form.

6. Click **Submit**.
7. After the information is successfully submitted, connect your device to the **NDSCS IoT** wifi network on campus.
